

Pelle Fresco Technical Information

Pelle Fresco is a natural grain bovine leather made on European hides.

- Finished thickness is 0.9 - 1.1mm
- Average size of each hide is 5.0 sq.m. (53.82 sq.ft.)
- Through dyed with pigmented surface treatment
- Soft hand with a waxy, semi-matte finish

Flexing endurance	ISO 5402 \geq 50,000 cycles
Color fastness to light	ISO 105B02 \geq 5 blue scale
Tear strength, single edge tear	ISO 3377-1 \geq 20 N
Finish Adhesion	ISO 11644 \geq 2.5 N/cm
Burning behavior, cigarette and match flame*	EN 1021 / 1 – 2 OK
*This norm refers exclusively to the combination leather and padding. Reference to padding standard in expanded PU density Kg/m ³	

Colour Fastness to Rubbing	ISO 11640	
<u>Condition</u>	<u>Cycles</u>	<u>Value</u>
Dry	500	\geq 4
Wet	80	\geq 4
Sweat (ISO 11641 pH 8)	50	\geq 4
